Everyday AI for Small Business Owners

Use AI as your part-time assistant so you can save time,
show up consistently, and run your business with less overwhelm.

1. WHO IT HELPS

- | | | | | | |
|--------------------|---------|--------------------|------------------------|-------------------------|----------------------------------|
| Solo entrepreneurs | Coaches | Hairstylists | Cleaners | Fitness trainers | Consultants |
| Designers | Tutors | Virtual assistants | Wellness professionals | Local service providers | Creators with offers or services |

2. PROGRAM OVERVIEW

Everyday AI for Small Business Owners teaches simple ways to use AI like a low-cost assistant. The goal is not to replace your voice, your creativity, or your customer relationships. The goal is to let AI help with the tasks that slow you down.

- ♥ writing
- ♥ planning
- ♥ organizing
- ♥ brainstorming
- ♥ following up
- ♥ creating content
- ♥ explaining your services
- ♥ answering repeated questions

3. WHAT AI CAN HELP WITH

- | | | | | |
|-----------------------|------------------------------|------------------|-------------------------|---------------------|
| Social media captions | Content calendars | Pricing packages | Lead magnets | Sales page outlines |
| Client emails | Simple automations | Website copy | Welcome messages | |
| FAQs | Customer follow-up messages | Bios | Review request messages | |
| Service descriptions | Business brainstorming lists | Flyers | Appointment reminders | |
| Offers | | | | |

Smarter systems. Clearer messaging. More time for what matters.

MODULE 1

AI as Your Part-Time Business Assistant

Use AI like a helper for everyday business tasks.

1 WHAT THIS MODULE TEACHES

How to stop thinking of AI as 'tech' and start using it as a helper for everyday business tasks.

2 SIMPLE EXPLANATION

AI can act like a:

- ♥ copywriter
- ♥ brainstorming partner
- ♥ customer service helper
- ♥ content planner
- ♥ admin assistant
- ♥ offer strategist
- ♥ email editor
- ♥ FAQ builder

3 COPY-PASTE PROMPT

“Act as my part-time business assistant. My business is [type of business]. I help [ideal clients] with [service]. Help me list 20 tasks AI could help me with every week to save time.”

4 EXAMPLE

“Act as my part-time business assistant. My business is mobile hairstyling. I help busy women with bridal hair and event styling. Help me list 20 tasks AI could help me with every week to save time.”

5 MISTAKE TO AVOID

Do not ask AI random questions without giving business context.

♥ Better:

“My business is _____. My clients are _____. My goal is _____.”

MODULE 2

AI for Social Media Captions

Create captions that sound like you and attract the right customers.

What This Module Teaches

How to create captions that sound like you and attract the right customers.

Copy-Paste Prompt

“Act as a social media assistant for my [type of business]. Write 10 Instagram captions for [topic]. My audience is [ideal client]. My tone is [friendly/professional/funny/warm/bold]. Include a simple call-to-action.”

Example for a Hairstylist

“Act as a social media assistant for my **hairstyling business**. Write 10 Instagram captions about why clients should book their holiday hair appointments early. My audience is busy women ages 25–45. My tone is warm and confident. Include a simple call-to-action.”

Example Caption

“Holiday calendars fill up fast, and so do salon appointments. If you already know you want fresh color, a trim, or event styling before the season gets busy, this is your reminder to book early. Message me to grab your spot.”

Mistake to Avoid

Do not copy captions exactly if they sound generic. Add this to your prompt:

“**Make it sound natural, not salesy or robotic.**”

Be consistent

Be helpful

Be you

Connect & convert

MODULE 3

AI for Client Emails

Write faster, clearer client emails without overthinking every word.

What This Module Teaches

How to write faster, clearer client emails without overthinking every word.

Copy-Paste Prompt

“Rewrite this client email to sound clear, warm, and professional. Keep it short and easy to understand: **[paste draft]**.”

Emails AI Can Help With

-  Inquiry replies
-  Booking confirmations
-  Appointment reminders
-  Late payment reminders
-  Thank-you emails
-  Cancellation policy emails
-  Follow-up messages
-  Proposal emails
-  Onboarding emails

Example Prompt

“Help me write a friendly reply to a potential client asking about my cleaning services. Include my starting price, what is included, and how to book a consultation.”

Mistake to Avoid

Do not send sensitive customer details into AI.

Use placeholders like:

- **[client name]**
- **[appointment date]**
- **[service]**
- **[price]**

Save time

Communicate clearly

Build trust

Grow your business

MODULE 4

AI for FAQs

Answer repeated customer questions before they take up your time.

What This Module Teaches

How to answer repeated customer questions before they take up your time.

Copy-Paste Prompt

“Create an FAQ section for my [type of business]. My services are [list services]. My clients usually ask about [list common questions]. Write answers that are clear, friendly, and professional.”

FAQ Ideas

What services do you offer?

How do I book?

What is your cancellation policy?

Do you require a deposit?

What should I prepare before my appointment?

How long does the service take?

Do you travel?

What payment methods do you accept?

What happens if I need to reschedule?

Example for a Cleaner

Question:

Do I need to be home during the cleaning?

Answer:

No, you do not need to be home as long as we have agreed on safe access ahead of time. Many clients provide entry instructions before their appointment.

Mistake to Avoid

Do not make policies vague.

Be clear about boundaries, payment, deposits, cancellations, and turnaround times.

Save time

Set expectations

Build trust

Happier clients

MODULE 5

AI for Service Descriptions

Explain what you offer in a way that sounds clear and attractive.

1. What This Module Teaches

How to explain what you offer in a way that sounds clear and attractive.

2. Copy-Paste Prompt

"Write a clear service description for my [service]. It is for [ideal client]. Include what is included, who it is best for, the result they can expect, and a short call-to-action."

3. Example for a Fitness Trainer

"Write a clear service description for my 6-week beginner strength training package. It is for women who feel intimidated at the gym. Include what is included, who it is best for, the result they can expect, and a short call-to-action."

4. Simple Service Description Template

- Service Name: _____
- Who It's For: _____
- What's Included: _____
- Best Result: _____
- Call-to-Action: _____

5. Mistake to Avoid

Do not only describe the task.
Also describe the transformation.

Instead of:

"I offer 60-minute fitness sessions."

Try:

"Build strength, confidence, and a simple routine you can actually stick with."

Clear offers

Better messaging

Show the value

Easier selling

MODULE 5

AI for Service Descriptions

Explain what you offer in a way that sounds clear and attractive.

1. What This Module Teaches

How to explain what you offer in a way that sounds clear and attractive.

2. Copy-Paste Prompt

"Write a clear service description for my [service]. It is for [ideal client]. Include what is included, who it is best for, the result they can expect, and a short call-to-action."

3. Example for a Fitness Trainer

"Write a clear service description for my 6-week beginner strength training package. It is for women who feel intimidated at the gym. Include what is included, who it is best for, the result they can expect, and a short call-to-action."

4. Simple Service Description Template

- Service Name: _____
- Who It's For: _____
- What's Included: _____
- Best Result: _____
- Call-to-Action: _____

5. Mistake to Avoid

Do not only describe the task.
Also describe the transformation.

Instead of: ❌

"I offer 60-minute fitness sessions."

Try: ✅

"Build strength, confidence, and a simple routine you can actually stick with."

Clear offers

Better messaging

Show the value

Easier selling

MODULE 7

AI for Content Calendars

Plan your content so you are not scrambling every day.

1. What This Module Teaches

How to plan content so you are not scrambling every day.

2. Copy-Paste Prompt

"Create a 30-day content calendar for my [type of business]. My audience is [ideal client]. My goal is [book clients / build trust / promote offer / educate]. Include post ideas, caption topics, and simple calls-to-action."

4. Bonus Prompt

"Turn this content calendar into 5 Instagram captions and 5 email ideas."

5. Mistake to Avoid

Do not only post educational content.

Include posts that build trust and invite people to work with you.

3. Easy Weekly Content Mix

Day	Content Type
 Monday	Helpful tip
 Tuesday	Behind the scenes
 Wednesday	Client question
 Thursday	Testimonial or result
 Friday	Offer reminder
 Saturday	Personal connection
 Sunday	Weekly recap or planning

Plan ahead

Stay consistent

Build trust

Promote with confidence

Smarter planning. Clearer content. More time to create.

lilihuman.com

MODULE 8

AI for Simple Automations

♥ Plan simple systems before you automate them. ♥

Simple
Systems
Stronger
Business

1. What This Module Teaches

How to use AI to plan simple systems, even before using automation tools.

2. Important Note

AI can help you design the system. Tools like email platforms, scheduling apps, forms, and CRMs help you run it.

3. Copy-Paste Prompt

"Help me design a simple customer workflow for my [type of business]. Start from when someone first inquires and end after the service is completed. Include what message should be sent at each step."

4. Example Workflow

- Customer sends inquiry
- Send reply with service info
- Send booking link
- Send confirmation message
- Send reminder
- Complete service
- Send thank-you message
- Ask for review
- Follow up for repeat booking

5. Mistake to Avoid

Do not automate messages that should feel personal without reviewing them.

Automation should support relationships, not replace them.

Save time

Stay organized

Improve follow-up

Keep it personal

♥ Smarter systems. Better follow-up. More time to serve. ♥

♥ lilihuman.com ♥

MODULE 9

AI for Customer Follow-Up

Follow up with warmth and confidence without sounding pushy.

1. What This Module Teaches

How to follow up with potential and current clients in a way that feels helpful, warm, and professional.

2. Copy-Paste Prompt

"Write 3 friendly follow-up messages for a potential client who asked about [service] but has not booked yet. Keep the tone helpful, not pushy."

3. Follow-Up Examples

Gentle Follow-Up

Hi [Name], I just wanted to check in and see if you had any questions about [service]. I'd be happy to help you decide if it's the right fit."

Review Request

Thank you again for choosing me for [service]. If you were happy with your experience, I'd be so grateful if you left a quick review here: [link].

Rebooking Prompt

Hi [Name], it's been a little while since your last [service]. I have a few openings next week if you'd like to book your next appointment."

4. Mistake to Avoid

Do not follow up only once.

Most businesses need a simple follow-up system.

Build trust

Stay top of mind

Book more clients

Follow up with ease

Stronger connections. More bookings. More growth.

lilihuman.com

MODULE 10

AI for Business Brainstorming

Use AI to spark fresh ideas when you feel stuck or unsure what to do next.

1. What This Module Teaches

How to use AI when you feel stuck, bored, or unsure what to offer next.

2. Copy-Paste Prompt

"Act as a business brainstorming partner. My business is [type]. My audience is [ideal client]. My current offer is [offer]. Give me 20 ideas for ways to attract more clients, improve my customer experience, and increase repeat bookings."

3. Brainstorming Ideas AI Can Help With

seasonal offers

local promotions

referral programs

bundle ideas

event ideas

lead magnets

loyalty rewards

mini offers

partnerships

upsells

4. Mistake to Avoid

Do not try every idea at once.

Pick one idea, test it, and track the result.

Fresh ideas

Better offers

More visibility

Smarter growth

One good idea can lead to real business growth.

lilihuman.com

MODULE 11

AI for Pricing Packages

Create simple, clear pricing options that help you sell with confidence and attract the right clients.

What This Module Teaches

How to create simple pricing options without undercharging or confusing people.

Copy-Paste Prompt

“Help me create 3 pricing package options for my [service]. My clients are [ideal clients]. My current price is [price]. Include a basic, standard, and premium package. Explain what should be included in each.”

Pricing Package Example

Package	Good For	Includes	Price Positioning
★ Basic	Simple needs	Core service	More affordable
♥ Standard	Most clients	Core service + extra support	Mid-range
👑 Premium	High-touch clients	Full service + priority support	Higher investment

Example for a Cleaner

Package	Includes
Basic Reset	Kitchen, bathrooms, floors
Standard Clean	Basic Reset + bedrooms + dusting
Deep Clean	Standard Clean + baseboards, inside appliances, detail work

Mistake to Avoid

Do not price only based on time.

Consider:

- skill
- supplies
- travel
- preparation
- cleanup
- expertise
- customer result
- demand
- profit margin

Know your value

Keep it simple

Make it easy to choose

Deliver amazing results

MODULE 12

AI for Local Marketing

Simple, local strategies to help you get noticed, trusted, and chosen in your community.

What This Module Teaches

How to promote your business in your community.

Copy-Paste Prompt

“Create 10 local marketing ideas for my [type of business] in [city or community type].
I have a small budget and want ideas that are realistic for a solo business owner.”

Ideas AI Might Suggest

Local referral partnerships

Local event offers

Flyers

Collaborations

Community Facebook posts

Customer review campaigns

Google Business Profile updates

Neighborhood specials

Mistake to Avoid

Do not only market online.
Local service businesses often grow through relationships, referrals, and repeat customers.

Show up locally

Build relationships

Give value

Earn trust

MODULE 13

AI for Repurposing Content

One idea, Many pieces of content.
More visibility, less work.

What This Module Teaches

How to turn one idea
into many pieces of content.

Copy-Paste Prompt

“Turn this idea into 10 pieces of content: [idea]. Include Instagram captions, email topics, short video ideas, and a blog post outline.”

Example

One idea:

“Why regular cleaning
saves time and stress.”

AI can turn it into:

Instagram caption

Reel script

Email newsletter

FAQ answer

Website section

Flyer headline

Blog post

Client follow-up message

Short video idea

...and more!

Mistake to Avoid

Do not create brand-new content
from scratch every time.
Repurpose what you already know.

Save time

Stay consistent

Provide value

Reach more clients

5-MINUTE AI Quick Wins for Small Business Owners

Use AI to quickly save time, get organized, and grow your business.

Use AI to quickly:

- ✓ Write a caption
- ✓ Rewrite a client email

You don't need more time.
You just need smarter tools.

Work smarter,
not harder.

Small steps today,
big results tomorrow.

lilihuman.com

AI Boundaries for Small Business Owners

Use AI wisely, protect your business,
and keep your clients' trust.

Do Not Share:

Client private information

Passwords

Payment details

Contracts with sensitive details

Tax documents

Bank information

Confidential business data

Private health or
personal details

Always Review:

Pricing suggestions

Legal wording

Financial advice

Medical or
wellness claims

Client-facing messages

Anything that sounds
too exaggerated

Add This Line to Business Prompts

“

Do not make unrealistic claims. Keep the wording
honest, clear, and professional.

”

AI is a powerful tool. You are the expert.
Protect your business, your clients, and your reputation.

Smart use today. Strong business tomorrow.

Weekly AI Business Routine

Use this every Monday:

“

Act as my small business assistant.
My business is [business type]. This week my
main goal is [goal]. Help me plan my top
priorities, content ideas, client follow-ups, admin
tasks, and one simple action that could
bring in more sales.

”

Final Message

- ♥ Small business owners do not need more complicated tools.
- ♥ They need support with the work they are already doing every day.
- ♥ AI can help you write faster, plan better, follow up consistently, and show up online without spending hours staring at a blank screen.
- ♥ Start with one task.
- ♥ One prompt.
- ♥ One part-time assistant in your pocket.

Small steps. Big momentum.
