

DAILY MOBILITY EXERCISES

MOVE BETTER. FEEL BETTER. LIVE BETTER.

A short daily mobility routine improves flexibility, reduces stiffness, prevents injury, and helps your body move and feel its best – every single day.

TIME
15–20 MINUTES

FREQUENCY
DAILY

EQUIPMENT
NONE

BEST TIME
MORNING OR
BEFORE BED

Consistency is the key.
Small moves every day
create big changes.

1. NECK MOBILITY

Release tension and improve neck movement.

1 NECK TILTS

- Tilt right ear toward right shoulder.
- Hold, then switch sides.

30 sec each side

2 NECK ROTATIONS

- Turn head slowly to the right.
- Hold, then turn left.

30 sec each side

3 NECK CIRCLES

- Drop chin to chest.
- Slowly circle to the right, then left.

5 circles each direction

4 CHIN TUCKS

- Gently tuck chin straight back.
- Hold and release.

10 reps

2. SHOULDER MOBILITY

Improve shoulder flexibility and reduce tightness.

1 SHOULDER ROLLS

- Roll shoulders up, back, down and forward.

10 reps each direction

2 ARM ACROSS CHEST

- Pull right arm across chest with left arm.
- Hold, then switch sides.

30 sec each side

3 SHOULDER DISLOCATES

- Use a stick or broom.
- Wide grip, move arms overhead and back.

10 reps

4 WALL ANGELS

- Stand with back on wall.
- Move arms up and down like a snow angel.

10 reps

3. THORACIC SPINE MOBILITY

Improve upper back mobility and posture.

1 CAT-COW

- Arch back up like a cat.
- Drop belly and lift chest like a cow.

8–10 reps

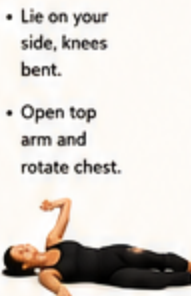

2 THREAD THE NEEDLE

- Reach right arm under left arm.
- Rotate chest and rest shoulder.
- Switch sides.

30 sec each side

3 OPEN BOOK

- Lie on your side, knees bent.
- Open top arm and rotate chest.

30 sec each side

4 THORACIC ROTATION

- Place hand behind head.
- Rotate elbow toward the ceiling.
- Switch sides.

8–10 reps each side

4. HIP MOBILITY

Open hips, improve flexibility and reduce lower back tightness.

1 HIP CIRCLES

- Move hips in a circle.
- Do both directions.

8 circles each direction

2 90/90 STRETCH

- Sit in 90/90 position.
- Switch sides.

30 sec each side

3 DEEP SQUAT HOLD

- Sit in a deep squat.
- Keep chest up and breathe.

30–60 sec

4 LUNGE HIP FLEXOR STRETCH

- Step into a lunge.
- Tuck pelvis and squeeze glutes.
- Switch sides.

30 sec each side

5. LOWER BODY MOBILITY

Loosen tight muscles and improve leg mobility.

1 HAMSTRING SWEEP

- Sweep leg out, reach toward toes.
- Keep chest up.
- Switch sides.

8 reps each side

2 COSSACK SQUAT

- Step to the side.
- Sit back and keep the other leg straight.
- Switch sides.

6–8 reps each side

3 ANKLE ROCKS

- From a lunge, move knee forward over toes.
- Keep heel down.
- Switch sides.

10 reps each side

4 CALF STRETCH

- Press back, keep heel down.
- Lean forward and feel stretch.
- Switch sides.

30 sec each side

6. FULL BODY FLOW

A gentle flow to move your whole body.

1 DOWNWARD DOG

30–60 sec

2 WORLD'S GREATEST STRETCH

- Step into a lunge.
- Rotate and reach arm up.
- Switch sides.

30 sec each side

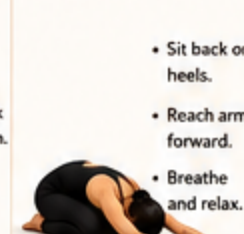

3 FORWARD FOLD

- Hinge at hips.
- Relax neck and breathe.

30–60 sec

4 CHILD'S POSE

- Sit back on heels.
- Reach arms forward.
- Breathe and relax.

30–60 sec

HOW TO USE THIS ROUTINE

- ✓ Do this routine once a day.
- ✓ Move slowly and with control.
- ✓ Focus on your breath.
- ✓ Listen to your body.
- ✓ Stay consistent and enjoy the progress!

BENEFITS OF DAILY MOBILITY

- ✓ Improves flexibility and range of motion
- ✓ Reduces muscle stiffness and soreness
- ✓ Enhances posture and movement quality
- ✓ Prevents injuries
- ✓ Boosts circulation and energy
- ✓ Improves overall well-being and recovery

TIPS FOR SUCCESS

- ✓ Stay consistent, even on busy days.
- ✓ Start your day with movement.
- ✓ Combine with strength training and good nutrition.
- ✓ Hydrate and get enough sleep.
- ✓ Track your progress and celebrate small wins.

MOBILITY TODAY, FREEDOM TOMORROW.

MOVE WITH INTENTION, LIVE WITHOUT LIMITS.
