

DAILY MOBILITY EXERCISES AT YOUR DESK

MOVE MORE. FEEL BETTER. WORK BETTER.

Short mobility breaks at your desk can reduce stiffness, improve posture, boost focus and energy, and help prevent pain and injury.

TIME

1-2 MINUTES
EACH EXERCISE

FREQUENCY

DAILY
3-5 TIMES

BEST TIME

EVERY 60-90 MINUTES
OR WHEN NEEDED

EQUIPMENT

JUST YOUR CHAIR
AND A LITTLE SPACE

CONSISTENCY

SMALL MOVES
CREATE BIG CHANGES

- Switch feet.

10 circles each
direction/foot

WHY IT MATTERS

- Reduces stiffness and muscle tension
- Improves posture and alignment
- Boosts circulation and energy
- Enhances focus and productivity
- Helps prevent pain and injuries

QUICK TIPS

- Sit tall with feet flat on the floor.
- Keep movements slow and controlled.
- Breathe deeply and relax your shoulders.
- Listen to your body and move within your comfort.
- Take short breaks regularly - your body will thank you!

MAKE IT A HABIT

Set a reminder to move
every 60-90 minutes.

*Small breaks.
Big difference.*

TAKE CARE OF YOUR BODY WHEREVER YOU WORK.

MOVE TODAY, FEEL BETTER EVERY DAY.
