

Lili Human

FITNESS COACH

2-Minute Commercial Break Core

Complete each exercise for 30 seconds, moving directly into the next one.

1

1. Standing Cross-Body Crunch — 30 seconds

Drive one knee toward the opposite elbow, then alternate sides.

Form cue: Stand tall and pull your ribs toward your hips rather than bending your neck.

Modification: Hold onto the back of a chair and lift one knee at a time without twisting.

2

2. Knee Plank — 30 seconds

Place your forearms and knees on the floor and hold your body in a straight line from your head to your knees.

Form cue: Gently tuck your pelvis, squeeze your glutes, and keep your hips from dropping.

Modification: Perform the plank with your forearms elevated on the couch.

3

3. Controlled Crunches — 30 seconds

Lie on your back with your knees bent and feet planted. Lift your shoulders a few inches from the floor, squeeze your core, and lower slowly.

Form cue: Keep your lower back gently pressed into the floor and avoid pulling on your neck.

Modification: Keep your head down and practice slow abdominal bracing instead.

4

4. Glute Bridge March — 30 seconds

Lift your hips into a bridge. Slowly raise one foot a few inches, lower it, and alternate sides.

Form cue: Keep your hips level and your ribs pulled down.

Modification: Hold a regular glute bridge without marching.

The Goal

Complete one round during each commercial break.
Focus on steady, controlled movement rather than rushing.

Two focused minutes absolutely count.
